WEDNESDAY EVENING, JAN. 28, 1903.

Caban Music.

Cubans show a semisavage preference for such music as is made by a sort of band composed of a stamp mill sort of a crank piane, a pair of sugar kettle tomtoms and a man with a horse-radish grater called a "giro" and a flat file with which to scrape it, the combined outfit producing a discordant potpourri that might easily dislocate the teeth of any self respecting handsaw. This example of music, as the Cubans fancy it, is even worse than the finger drumming and wire snapping musical murders committed in Tunisian bazaars and Algerian cafes chantantes. The lauded but lugubrious Cuban national hymn is best esteemed when performed by one of these bands of inharmonic banditti, and the national dance, that monotonous combination of motions that suggests that the dancer is trying to shoo a fien off the small of his back and also goesar. the small of his back and also go easy on a stone bruised heel, can only adequately performed to the music of those African agitators of catgut, raw-hide and perforated tin. The truth is the Cubans will have to learn music all over again.

Babies.

A baby is born at every beat of the human heart. That is more than one for every tick of the clock. These "living jewels" (as the poets call ba-bies), "dropped unstained from heaven," take wings and fly back whence they came one for every minute of the day. From Jan. 1 to Dec. 31 between day. From Jan. 1 to Dec. of version 38,000,000 and 40,000,000 living jewels are dropped into this cold world.

There are more baby girls than boy babies. The proportion of female births to male births is as 100 to 90. So that between 2,000,000 and 3,000,000 more girls are born in the world each year than boys. There is always a surplus of women, and the extra number of girl babies keeps up the supply.

The story is told of a London alder-man who, sitting in state to hear some schoolboy's Greek orations, bowed whenever he heard the Greek word for "nothing" (ouden) pronounced, be-cause it sounded like his own name.

Perhaps Both.

"Ah! Gone for a rest, ch?" "We haven't found out yet whether he's gone for a rest or to escape it."

To Get Rid of a Troublesome Corn. First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a gen-eral liniment for sprains, bruises, lame-ness and rheumatism, Pain Balm is unequaled. For sale by Richard Gib-

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated offen. It reduced the swelling and juffammation, cut the nucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, LaGrippe, and all rounds and Lung troubles. One Minute Cough Cure lingers in the threat and chest and canables the lungs to contribute pure, health-giving exygen to the blood. For sale by E. S. Leadbeater & Sons.

Something Lucking.

Bobby was seven. He was examining with critical eye the new arrival in the family and showing some signs of displeasure with the shiny head and toothless gums.

"Well, Bobby," asked the nurse, "how do you like your new brother?"

"Pretty well," was the answer, "but he's not finished yet."—Brooklyn Life.

"What are you going to do when you get to be a man?" asked the visitor. The little fellow's face assumed an expression of earnest gravity as he responded, with a voice which was evidently shaken by sad memories of the past, "Whip papa."
